

EXPERIENCE SERIES™  
**880 Line**

#### POWERFUL TOUCH

The 880 Line features a touch screen console and intuitive interface that gets more powerful the longer you own it.

# AMT® 885

## Adaptive Motion Trainer®

Like every piece of equipment in our Experience Series™ 880 Line, the AMT® 885 combines essential reliability and ease-of-use with smooth, flowing and precise motion to add value to your facility. With a touch screen console, and a simple, intuitive interface that draws users deeper into their workout, the P80 console on the AMT® 885 is a fitness solution that gets more powerful the longer you own it.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services and technologies we offer can be combined in countless ways to complement the programs, and atmosphere you're creating.

**PRECOR®**

The award-winning and innovative design of the Adaptive Motion Trainer<sup>®</sup> (AMT<sup>®</sup>) 885 intuitively responds to users' natural motion, allowing users to completely change the flow of movements for a comprehensive cardio workout - all without so much as the push of a button.

## PRODUCT HIGHLIGHTS

- 1 Console**  
With a touch screen console just like a high-end phone, and a simple, intuitive interface that draws users deeper into their workout, the P80 console is a reliable fitness solution that gets more powerful the longer you own it.
- 2 Heart Rate Monitoring**  
Touch and telemetry heart rate monitoring with Smart Rate<sup>®</sup> instantly analyze your heart rate when you enter your age and weight. Smart Rate helps you stay in your fat burn, cardio or peak target zone for a more efficient cardio and weight-loss workout.
- 3 Dual Action**  
Dual action provides both upper and lower body workout. Arms are engaged with pushing and pulling motion to provide the ultimate in total body engagement.
- 4 Adaptive Motion**  
Naturally adjust stride length — without the need to control settings — from zero to 27 inches (69 cm), to match the desired workout for each unique user.
