

INSPIRE A LIFE IN MOTION.

Every aspect of our fitness equipment is made to mirror human movement — fluid, natural, and familiar. Intuitive engineering and thoughtful design offer an invigorating workout that helps users keep moving. Arising from our heritage of providing quality fitness solutions that work, Precor fitness equipment keeps your users satisfied no matter what their goal. Precor inspires a life in motion.

Easy to use. Precor products are designed for ease-of-use with intuitive displays that help users get on and get going.

Designed for commercial facilities. The 932i offers the benefits of a gym-quality workout in a compact footprint and affordable price that make it a perfect fit for hotels, apartment complexes and office buildings.

Committed to excellence. For 25 years Precor has been a leader in the fitness industry, delivering breakthrough innovations and premium quality products for leading clubs and better fitness facilities.

932i

LOW-IMPACT
TREADMILL

COMMERCIAL/

1/ Users enjoy integrated entertainment

An optional Cardio Theater® Personal Viewing Screen ergonomically integrated into the console provides users with the entertainment options they demand while keeping them moving in the correct biomechanical position.

2/ Advanced AC motor extends durability

The 932i treadmill uses a commercial-grade, self-cooling 4.0 horsepower motor to provide plenty of power for smooth, stable performance.

3/ Ground Effects® offers low-impact exercise

Our sophisticated Ground Effects Impact Control System reduces joint strain by cushioning impact and controlling lateral motions.

4/ Low deck height is ideal for any mobility

At only 7.5 inches, anyone who can step onto a curb can easily access this treadmill—making it ideal for those with limited mobility, for physical therapy environments or areas with low-ceiling heights.

5/ Streamlined console is easy to use

The streamlined Experience® Series Display features user-friendly controls and workout feedback—making it easy to “get on and go.”

PRODUCT SPECIFICATIONS
