

DESIGNED TO INSPIRE A LIFE IN MOTION.

Every aspect of our fitness equipment is made to mirror human movement — fluid, natural, and familiar. Intuitive engineering and thoughtful design offer an invigorating workout that helps users keep moving. Arising from our heritage of providing quality fitness solutions that work, Precor fitness equipment keeps your users satisfied no matter what their goal. Precor inspires a life in motion.

Easy to use. Precor products are designed for ease-of-use with intuitive displays that help users get on and get going.

Designed for commercial facilities. The 946i offers the benefits of a gym-quality workout in a compact footprint and affordable price that make it a perfect fit for hotels, apartment complexes and office buildings.

Committed to excellence. For 25 years Precor has been a leader in the fitness industry, delivering breakthrough innovations and premium quality products for leading clubs and better fitness facilities.

946i

LOW-IMPACT
TREADMILL

COMMERCIAL/

1/ Advanced AC motor extends durability

The 946i treadmill uses a commercial-grade, self-cooling 4.0 horsepower motor to provide plenty of power for smooth, stable performance.

2/ Ground Effects® offers low-impact exercise

Our sophisticated Ground Effects Impact Control System reduces joint strain by cushioning impact and controlling lateral motions.

3/ Low deck height is ideal for any mobility

At only 7.5 inches, anyone who can step onto a curb can easily access this treadmill—making it ideal for those with limited mobility, for physical therapy environments or areas with low-ceiling heights.

4/ Users enjoy integrated entertainment

An optional Cardio Theater® Personal Viewing Screen is ergonomically integrated into the console—allowing users to enjoy audio/video programming while maintaining correct body positioning for an optimal workout. The console includes areas for a water bottle, MP3 player, cell phone and magazines.

5/ Intuitive console is easy to read and adjust

A robust Experience® Series Display features user-friendly controls and workout feedback—making it easy for beginners to get started and for veterans to receive advanced feedback metrics. Users may choose from 13 programs or adjust incline from 0-15% to add variety or focus on key muscle groups.
